

CHRISTMAS AT ICMAB

Friday, 17 December 2021

SEMINAR ROOM “CARLES MIRAVITLLES”

10:30 AM: CONVERSATIONS: SENIORS VS JUNIORS

Young researchers will have the opportunity to interview some of the senior researchers of the Institute: Susagna Ricart, Enric Canadell i Jaume Veciana.

Was it different to do research 30 years ago? How did you start at ICMAB? How has materials science changed during these years? Was it difficult to secure a position? What would you recommend to those who are now starting in this area?

11:15 AM: SPEECHES

“A short scientific journey from 2021 to 2022”

M. Rosa Palacín – ICMAB Vicedirector and Scientific Director of the Severo Ochoa 2020-2023

“Back at ICMAB”

David Amabilino – ICMAB researcher

“Enric Canadell, a multidimensional researcher”

Jordi Fraxedas – ICN2 researcher

“Susagna Ricart, a researcher with a lot of chemistry”

Josep Ros – UAB researcher

“Jaume Veciana, an electronic researcher”

Nora Ventosa – ICMAB researcher

“Merry Christmas and Happy New Year”

Xavier Obradors – ICMAB Director

11:45 AM: CONCERT BY THE COMPANYIA MINIMÍSSIMA

Poetry-science recital with accordion in homage to ICMAB researchers who retire this year: Susagna Ricart, Enric Canadell and Jaume Veciana.

ICMAB OUTDOOR TERRACE

12:30 PM: CAVA, NEULES I TORRONS

A toast for the year 2022 at the Institute garden.

12:45 PM: CHRISTMAS CAROLS WITH THE ICMAB CHOIR

The ICMAB choir will sing some Christmas songs.

There will be a small present for all attendees.

This event is only in-person.
